

# DEPARTMENT 05 - DIVISION 4 FRUITS

TUESDAY, AUGUST 11, 2009 – 7:00 PM

Amount Offered: \$1,150

Judge: Bruce Ameele

Superintendent: Roger Dickinson, 5015 South Centenary Road, Marion, NY 14505 – (315) 483-9717

Mary Sergent, 644 Berg Road, Ontario, NY 14519 – (315) 524-7556

## RULES

**Entries must be in place by 6:30 PM, Tuesday, August 11, 2009.** Show is on the Main Floor of Floral Hall.  
Entry Fees: 10% of first-place premium. Payment must accompany entry.  
**Judging to be held at 7 PM, Tuesday, August 11, 2009. Premiums will be available in the Secretary's office Thursday afternoon.** Awards will be released Sunday, August 16 between 10 AM and 1 PM.

1. All fruit must be grown by exhibitor.
2. All fruits must be plainly labeled with the variety by the exhibitor. By a variety of fruit, it is meant a variety as listed by the American Pomological Society. Others are classed as seedlings.
3. A plate of fruit in all plate exhibits shall consist of the following number of specimens: five (5) apples, pears, peaches; twelve (12) plums, crabapples; and three (3) clusters of grapes.
4. A diamond shall consist of sixteen (16) specimens.
5. All exhibits entered in this department shall become the property of the Palmyra Union Agricultural Society unless prior arrangements are made with the department superintendent.
6. Prizes will not be awarded to exhibits which are unworthy.
7. When an exhibit is not labeled with correct name of variety or varieties, it is disqualified.
8. In placing awards, the judge will be guided by the following; and exhibitors would do well to select their fruit on the same basis.
  - (a) Freedom from blemish. Show fruit should be absolutely free from marks of fungus or physiological trouble including stippin and water core, insect injuries of any kind, and mechanical injuries such as loss of stem, burn, russet or limb rub.
  - (b) Color. All specimens in any entry should be of uniform color. With red apples, the more color the better, if typical of the variety. In yellow or green apples, the color should be even all over. The presence or absence of blush will not count in uniformity of color. Coloring apples by picking and placing in shade is not desirable and will be discounted.
  - (c) Form. The shape and conformation of the apples in any plate of exhibit should be typical of the variety. All specimens should be uniform in shape.
  - (d) Uniformity. This refers to the exact resemblance in color, size and form of specimens making up plate.
9. **NO ONE** is allowed in the area while items are being judged.

### **X Section 3 Pears and Sections 4 & 10 Apples – may be brought in starting Sunday P.M.**
