

I had the fortunate opportunity of being the Wayne County Fair Apprentice of 2009. Let me just say this was a dream opportunity. I was blessed to work with so many wonderful people. Being the apprentice gave me a huge insight in management and financial situations. You work closely with the executive administrators of the fair. It was a huge step into the right direction for me. The whole apprenticeship surpassed my expectations a lot. It was a very nice once in a lifetime opportunity and I was fortunate enough to be selected. Good luck to all future apprentices!
